April 13, 2006

Gerald Lee January, Jr.
2006 Candidate for State Representative
20260 Pepper Tree Road
Edgerton, KS 66021

Dear Mr. January:

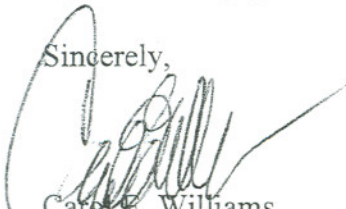

As a candidate for the Libertarian Party of Kansas, you are required to file a pre-primary receipts and expenditures report. K.S.A. 25-4148 (g) states "For the purpose of reporting, the date of the convention or caucus shall be considered the date of the primary election" for any third party candidate. We have been informed that April 29, 2006 is the date of the Kansas Libertarian Party convention.

The Campaign Finance Act states a pre-primary campaign finance report for a third party candidate is due eight days before the candidate's party's convention, which in your case is April 21, 2006. In lieu of filing a campaign finance report, which would more than likely disclose no receipts or disbursements made through April 17, 2006, we recommend you sign and return this letter to our office. This letter with your signed statement will become your campaign's pre-primary receipts and expenditures report. If you did receive or expend funds for the campaign, please complete the enclosed report.

The next report required of your campaign will be due October 30, 2006, the same due date for all candidate, party, political action committee reports.

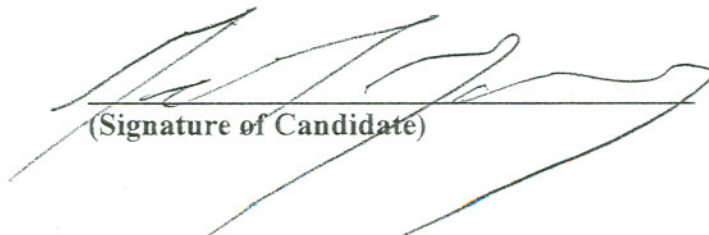

If you have any questions, feel free to contact this office.

Sincerely,

Carol E. Williams
Executive Director

As a Libertarian Party of Kansas Candidate, I did not take in or spend any money on my campaign through April 17, 2006.

(Signature of Candidate)
